CHOOSE 3

Some customers like to order a light, medium or dark roast. Others prefer to order three different brands rather than roasts

(i.e Starbucks, Peet's & Philz) and still some like to include a decaf.

What's your perfect 3?

3 SOLUBLES

One of the best parts about a bean to cup machine is the espresso based beverages you can make, including: lattes, cappuccinos and mochas. In order to make these you need three solubles:

Hot Cocoa Powder
5173 - 2# Bag

Frothy Topping
1450 - 1# Bag

French Vanilla
1907 - 2# Bag

NEED MORE?

If you are looking for a specific item and don't see it listed here just reach out to your J&J representative. There is a really good chance we can get what you're looking for.

And don't forget! We have 4 other services in addition to our office coffee program including: pantry, micro markets, traditional vending and water filtration services.

[Learn more about our other offerings here](#)

NEXT STEPS

1. **Schedule a walk through with J&J Rep** - this is where we will measure the space to make sure there is plenty of power, water and space for the machine
2. **Sign Agreement**
3. **Decide on Menu and Install Date**

Please let us know if you have any questions.
We look forward to bringing the coffee house to your office.
